<b>Actual / forecast delivery data</b>	05/08/2015
<b>Comments (optional)</b>	Site <a href="http://www.fracrisk.eu">www.fracrisk.eu</a> live

### Deliverable summary text:

The project website is fully live and inaugurated at [www.fracrisk.eu](http://www.fracrisk.eu)

The website is divided into two areas:

The first is completely open to the public and presents:

- **Project** information including the objectives, concept, workflow and structure.
- **Collaborations** including information on the FracRisk partners, Advisory board and other H2020 projects working in the same field.
- **Communication** section which includes our dissemination activities and FracRisk events. There is also a FracRisk twitter feed on the website.
- A **links** section provides general, regulation and research information

- **Contact us** – we have a project email address fracrisk.ed.ac.uk where all email communications are monitored and responded to.

The second area is a secure Admin login area and the login details have been provided to all partners and are easily requested as new researchers come on board and provides information / links on:

- Calendar – milestone, deliverable and conference dates are loaded in.
- Resources – DOW, Grant Agreement, milestone and deliverable timetables.
- Useful papers – sharing area for archiving relevant research papers, websites, etc.
- Useful images – fracRisk logo and other useful images we can use.
- Conferences – minutes and presentations from the FracRisk meetings
- Templates – milestone and deliverable, reporting templates, PowerPoint , poster templates
- Work package area – Milestones, deliverable and file sharing for each work package
- Data storage / archive – area to securely store FracRisk datasets

The site has google analytics so visitor numbers can be monitored. The site went live on Tuesday 28<sup>th</sup> July 2015 and has had 43 visitors, each viewing 2 pages per visit so far.
